

There's a new path to opioid recovery.

It's called Kaden.

And it's powerful, supportive and infinitely accessible.

Kaden brings together the gold standard in Medication Assisted Treatment on a virtual platform (vMAT), allowing you to have your medical and therapy sessions online from your smartphone or PC.

- Your personal Advocate guides your journey and helps YOU choose your care team.
- Your medical and mental health providers are experts in opioid recovery.
- Your appointments happen wherever YOU are most comfortable. It's virtual so you can take your treatment with you.
- We're your steadfast supporters throughout your recovery journey.
