

GO GREEN. SAVE GREEN.

Choose online statements with your HSA to avoid the \$1.50 quarterly fee.

By switching to online statements with your Health Savings Account (HSA), you can avoid fees associated with paper statements. We make it easy.

For questions, contact the number on the back of your Cigna ID card.

Here's all you have to do:

- › Log in to **myCigna.com**
- › Select "Spending Accounts", then "Health Savings Account (HSA)".
- › Click "Manage your HSA" in the callout box on the left
- › Go to the "User Profile Tab". From there, choose the "Communications Settings" drop down.
- › Follow the prompts to change your account statements from 'paper' to 'online'. You can also use this same process to change your tax document delivery preference

The default method is paper, so if you would prefer to receive paper statements, you don't need to do anything. Just know that this will result in a \$1.50 fee each quarter.
