Welcome to Sprinklr India!

At Sprinklr, we foster a culture of collaboration, inclusivity, and a shared commitment to customer success. We recognize and value every voice, and we are deeply invested in supporting our people.

Our employee medical, life and disability plans are all **covered by Sprinklr**. You are automatically enrolled into the company life and disability plans from your first day of employment. You can choose to extend medical coverage to a spouse/partner and/or dependent children, should you wish.

Eligibility

You become eligible for Sprinklr Benefits on your first day. Following the completion of your Onboarding task in Workday, you will receive an email from Darwin, the benefits enrollment platform, within **24 hours** containing your enrollment instructions. You will have **15 days** to enroll dependents and select additional sum insured through the portal. If this deadline is missed, you will not be able to enroll your dependents or select additional sum insured until the next renewal date, or unless you experience a Qualifying Life Event.

Flex Benefits

***MyFlexChoice* – Sprinklr Flex Benefits**

MyFlexChoice is a comprehensive benefits programme designed to provide greater choice and flexibility for you and your family. It combines company-sponsored benefits with a range of voluntary options, enabling you to tailor your benefits package to align with your life stage, priorities, and personal preferences.

Ways You Can Customize Your Coverage:

Stay on the Company-Sponsored Plan

Sprinklr provides Group Medical Coverage for you and your eligible dependents—spouse, dependent children, and parents/parents-in-law with a base sum insured of INR 5 lakhs. You can continue with the default coverage and add your eligible dependents to the plan.

Flex Down Options

You can tailor your coverage by flexing down from the default plan. Choose a lower sum insured, or combination that suits your needs, like Employee Only, Employee + Parents etc. based on your family size.

Any savings from this selection will convert into flex points, which you can use to enhance other benefits.

1 Flex Point is equivalent to 1 INR.

Flex Up Options

You can use your flex points, make salary contributions, or use a combination of both to enroll in voluntary benefits that best meet your individual needs.

You will have **15 days** from receipt of your login credentials from Darwin to complete enrollment and select additional sum insured.
